Example - Libart USA

- Division of Libart International
- Global Reach
- HQ in Istanbul, Turkey
- ~ 30 Kinetic Architecture Projects/YR in USA & Canada
- Dozens of Influencers per Project
- 6-36 Month Sales Cycle

NetSuite Eat Your Heart Out!

Most enterprise CRM's silo the lead data separate from Company:Contact data.

- Duplicate records with discrepancies
- If converted, when?
- Marketing vs. Sales "Departments"

API or Export/Import - Mission Impossible

- Matching records via API is brutal!
- Passing bad data via export/import is efficient and unreliable.
- **Can't see the entire journey!**
